FactK Inc.

Notice on Stopping of Production

Taking advantage of this notice, we would like to extend our appreciation to your usual patronage extended to our products.

Please be informed that the production of KG100 and KG40TWIN series will be stopped due to the change of Gas Corrosion Tester KG Series Lineup.

Should you have any questions regarding this issue, please contact us through telephone and/or fax below.

We appreciate your understanding and cooperation on this issue.

We will make our utmost efforts to make better products to meet your requirements.
